### **PL 348 : Galtvort – Concedo makes gas discovery in the Norwegian Sea**

Concedo ASA is very pleased to announce the company's first discovery. The two recent Galtvort wells 6407/8-4 S and the sidetrack 6407/8-4 A both proved the Jurassic reservoir to be gas filled.

Concedo ASA completed a farm-in deal with Endeavour Energy Norge AS prior to spud of the first Galtvort well, 6407/8-4 S.

See separate Newsletter for more information about the transaction.

For more info. about the Galtvort gas discovery, see NPD's press releases :
